We'd love to get the dataset in hand today or as soon as possible so we can get a handle on it.

Regarding other questions, deadline is as soon as information can be provided. Issues related to adjacent Sunnyside mine are most pressing. And knowing what the Administrator's order from two days ago means would be great.

Thanks, Christie-

Matt Brown

Hi Matthew, great to hear from you. We're running down a bunch of other questions for you as well.

What's your deadline?

Thanks,

Christie

Subject: Abandoned mines request from Associated Press

Greetings-

As part of our ongoing coverage of Gold King Mine incident, we are looking to gather data on other abandoned mines across the U.S.

I was told by Bureau of Land Management that the EPA maintains a database of mines on non-public lands.

Can you provide me with an electronic copy of this dataset, preferably in an Excel or comparable file, along with a data dictionary that explains each field and records contained in it?

If not, can you tell me who at the EPA can fulfill this request?

Thanks for your time.
